

Terra Bus

General Description

Designed and manufactured by Foremost Industries Inc., the Terra Bus provides all-terrain mobility to transport up to 56 passengers. Equipped with large, low-pressure Terra tires, the bus can be used to transport personnel in on-road/off-road applications. The vehicle shown in the photo above has been specially equipped for the tourist industry. The extra-large side and top windows provide greater all-round visibility. The Terra Bus can be equipped with a wheelchair lift.
